

Cry Havoc™

When Armies March...

Of all the events that can affect a campaign, war is perhaps the most complex and deadly. It also proves a boon to GMs and players alike, who find new adventures, intrigues, and opportunities on the battlefield. When armies march, nations tremble and heroes come to the fore.

The Essential d20 Guide to War

Following the model of the popular event book **Requiem for a God™**, 3rd Edition co-designer Skip Williams brings you **Cry Havoc**. This book examines all aspects of war in a d20 fantasy setting: From its political causes to grand strategy; from battlefield maneuvering to raising armies; from prolonged sieges to lightning commando raids. And of course, **Cry Havoc** includes a host of new spells, feats, items, and prestige classes.

Sword & Sorcery books are published under the Open Game License and are 100% compatible with revised 3rd Edition rules and the d20 System.
