

# Beyond Countless Doorways™

## New Planes of Wonder

Spice up your game with imaginative planar locations like you've never seen! Don't know what's on the other side of that portal? Did your characters suddenly *plane shift* to another dimension? No problem. Just open this book, and away you go.

## A Planescape® Reunion!

Beyond the scope of the mundane world lie the infinite planes: realms of gods and demons — and treasures beyond imagining. Four veteran game designers from the classic *Planescape* setting have reunited to write this collection of 18 modular new planar locales. Each plane is described fully and ready for exploration; together they form a complete cosmological framework for any campaign. The book also contains dozens of new monsters, NPCs, magic items, and spells unique to these planes.
