

# Monte Cook's Arcana Unearthed™

## A Variant Player's Handbook

The 3rd Edition of the world's most popular roleplaying game has thrilled hundreds of thousands. But maybe you're starting to find the traditional elves, dwarves, fighters, and wizards a bit stale. What if there were a whole new player's handbook, presented just like the original but with different races, classes, skills, feats, and spells?

## You've Got It!

Features of this variant player's handbook from 3rd Edition co-designer Monte Cook include: 10 new PC races, like giants and the lion-like litorians; 11 new classes, such as witches, mageblades, and the unfettered; hundreds of new skills, feats, and spells; and variant rules for handling magic and other game elements. This hardcover can supplement an existing game or may be used as a complete game unto itself.

*Sword & Sorcery books are published under the Open Game License and are 100% compatible with 3rd Edition rules.*
